The North Colorado Health Alliance was incorporated as a 501(c)(3) non-profit organization in 2002. The Alliance, based in the town of Evans in Colorado's Weld County, is a creative and strategic collaboration of partner organizations that are dedicated to cultivating the health of the communities they serve.

At the Alliance, we recognize that health does not begin or end with medical, dental, and behavioral health services. Health also depends on features of the built environment and on a variety of social determinants that make it harder for many to resist the chronic illnesses of our times. Thinking globally, the Alliance acts locally and creatively to convene, integrate, and support community partners in our common effort to make northeastern Colorado the healthiest region in the healthiest state.
